High School Course Selection

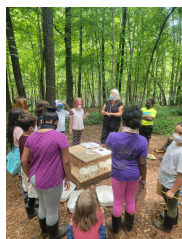

Naturalist in Training, Intro to Philosophy, Veterinary Science, Entrepreneurship, Python Programming...the PSCS high school catalogue for 2021-22 is full of amazing learning opportunities, unique to our school and philosophy!

Click here to see the course catalogue, revised each year to reflect new and expanded offerings. It gives students and families a comprehensive guide about the high school program at PSCS as well as all classes that will be offered in the academic year.

Access the 2021-22 **registration form** here. Registration, the selection of classes, must be completed by all students in rising 9th and 10th grades. Because student schedules are personalized, taking your time to make the best choices for your interests and talents is important. As such, registration will close June 30th, 2021 which should provide an ample opportunity to review your options, think about your strengths and interests, talk with friends, get support or answers from the school, and complete the form. We'll begin building student schedules in July and send out personalized schedules by the end of that month.

Pond Study

2nd and 3rd graders participated in a pond study with Ms. Sandy this week. They searched for and discovered macro-invertebrates.

Tutoring: [Click here](#) for a list of PSCS staff members who are available for Summer tutoring.

Summer is almost here!

Camps at Pioneer Springs are the perfect way to spend a Summer! Each session has a full green hour to eat outdoors and have time for unstructured, supervised connections in nature. Our unique themes and historically-rich campus are complete with our low ropes course and pond, offering opportunities to stretch each camper's body and mind.

PSCS Virtual Choir

We are pleased to introduce our first Pioneer Springs Virtual Choir. This choir includes student volunteers from Kindergarten through 5th grade. These courageous musicians not only had to learn and practice the song, they had to be willing to record just their voice, which was sent to Ms. Gwen to be edited together. [Click here to watch the video on our connects page.](#) Enjoy!

SUMMER 2021

MINDFULNESS

A FREE BODY POSITIVE SUMMER SESSION FOR TEENS

This four week workshop, led by Ms. Liz, will include mindfulness, movement (yoga/pilates), and healthy body image/mind body connection group discussions.

OPEN TO ALL RISING 7TH-10TH GRADERS
TUESDAYS JUNE 1, 18, 15, 22 10-11:30AM

Space is limited- Register today!

Introducing Sam!

9th grade was given the assignment to create an archetypal character digitally using archetype colors, make a sculpture representing the character and make a product or brand that the character represents. Sam is the mascot for a line of lemon bars. Sam, created by Eddie, is a cat,

spontaneous, compulsive, outgoing, loves anything pink and frilly, is non-binary, goes by they/them, and enjoys baked goods as well as Japanese culture.

What's coming up...

May 17-21

Grades 3-5 turn in devices 21

Pick up Pastry Orders

Ms. Margaret's Bday
