9th grade art projects

9th grade was given the assignment to create an archetypal character digitally using archetype colors, make a sculpture representing the character and make a product or brand that the character represents.

We did it!

Woohoo! This one goes down in the history of Pioneer Springs as being one of the most challenging and rewarding years of all time. We closed our year with a staff vs 9th graders kickball game, a staff celebration on the low ropes course and blowing bubbles of gratitude and appreciation for the people who surrounded each one of us to make each day, and each hour possible, both professionally and personally. From games to campfires, can't even begin to list the many classroom celebrations of this last week!

That's how we do it.

We come together. We connect. We celebrate. We acknowledge the gift of being able to hold space for all our students, as well as colleagues, to grow and be accepted as we are. Thank you for giving it YOUR all with us, to pave the path of learning (life comes with challenges), we navigate obstacles, we persevere, we adapt, we care..and for that, we are the lucky ones, who get to do that in a village of people who care and love our children and whole family.

Happy Summer Pioneer Staff and Families!
